

TOWNSHIP CHAMBER INSTALLS; HEARS ACCOMPLISHMENTS

Wednesday evening's meeting of the Washington Township Chamber of Commerce was highlighted by the installation of the newly elected officers and the reading of the annual report of the organization by Executive Secretary Gene Manning.

New officers installed by Dallas Paul, outgoing president, were: Bruce Michael, president; Walter Oakey, vice-president; Harry Weber, treasurer, and Vernon Ellsworth, secretary.

The first order of business conducted by the new president was a tribute and presentation of a gift to Paul for his outstanding performance as the Chamber's first president. The presentation was made by A. E. Alameda, Irvington delegate.

The delegates from the seven community Chambers voted to extend an invitation to Mission San Jose to join the Township Chamber in order that the organization would represent all the communities of the township.

ACCOMPLISHMENTS TOLD

In his first annual report, Secretary Manning stated: ". . . It becomes apparent that the most important and valuable service rendered by the organization is something which does not appear in the minutes or the reports of the organization.

"Though it is intangible, it is never-the-less, actual . . . It is that marked unity of purpose which is apparent and the more complete cooperation between the several communities of the township. There is a noticeable reaction among our people which has become more and more apparent, namely, that of considering the Washington Township as an actual entity, or realization that whatever is good for one community is likewise good for all communities, and conversely, that which may be detrimental to one is likewise detrimental to all."

A tabulation of projects sponsored, promoted or endorsed by the Chamber during its first year included:

Establishment of a sheriff's substation in the township.

Active support of a movement to provide toll-free bay crossings for this area.

Participation in the Water Festival at Hayward.

Provision of pocket maps of the township.

Endorsement of the proposal for the preservation of the old Vallejo Mill grounds by acquisition for a park area.

Endorsement of the formation of a Merchants Credit Bureau.

Investigation of complaints of alleged inadequate and unsatisfactory telephone service.

Inaugurated efforts to establish a rubbish dumping area.

Investigation of possibility of closer cooperation of welfare agencies here.

APRICOT PRICE OUTLOOK BRIGHT

At the monthly meeting of the board of directors of the Berryessa Local of the Prune and Apricot Growers Association, W. J. Furtado Jr. was appointed to fill the unexpired term of Leonard George, who resigned.

The meeting was presided over by Albert Foster, president. Local members present were Manuel Bernardo and Manuel Abreu, both of Centerville.

The directors were optimistic in their price outlook for the coming year, reporting that they expect a price of \$100 per ton for apricots.

They reported that in most areas the growers have been delayed in getting into the orchards to spray because of the consistent rainfall.

RAILWAY BLOOD BANK CAR TO VISIT PLANT AT NEWARK

The Western Pacific's military blood procurement railway car, the Charles O. Sweetwood, will visit Newark on Monday and Tuesday, March 5 and 6, for the convenience of blood donors from the James Graham Manufacturing Company.

The railway car, named for the first American killed in the Korean fighting, has been loaned to the Red Cross by the Western Pacific.

It will be switched onto a rail siding at the Graham plant about 10 a.m. Monday and will be open to the public for inspection from 10 a.m. until 11 a.m.

From 11 a.m. to 4 p.m. on Monday and 1 p.m. to 6 p.m. on Tuesday, the corps of workers will accept blood donations from the employees of the plant, according to LeRoy Broun, Washington Township Chairman of the Red Cross, and Mrs. W. L. McWhirter, chairman of the blood procurement program here.

Mrs. McWhirter gave particular attention to the management of the Graham Company for allowing the slow-down in production to enable the employees to participate in the blood donation program. She said this week that the unit expects to draw 100 pints of blood each of the two days.

A brief ceremony is planned when the special car arrives, with the high school band scheduled to be on hand to play several selections. An invitation has been extended Supervisor Chester E. Stanley to be present for a brief address.

Refreshments for the staff of workers and donors will be provided by the company and the ladies of the Newark Women's Improvement Club will serve luncheon to the workers on both days.

The corps of volunteer workers from the Washington Township Branch of the Red Cross will donate their services during the two days.

SPEECH CONTEST AT HIGH SCHOOL TODAY

The second in a series of elimination contests in the Centerville Lions Club annual public speaking contest will be held today (Friday) at Washington Union High School.

Approximately 75 students of the Senior social studies class recently submitted essays for competition in the contest. From these the eight best were selected by Miss Lois Nicholson and Don Wolfe, faculty members.

The eight students who will compete in the oral contest today will be Merle Bechtold, Niles; LeRoy Broun, Centerville; Jim Leonard, Centerville; Orbie Robertson, Irvington; Evelyn Kinzli, Warm Springs; Sylvia Perry, Newark; Vince Wallace, Centerville, and Ed Wright, Niles.

The students will speak on the topic, "American Voters Responsibility."

The three winners in today's contest will compete at the Lions Club meeting on March 27 and the winner will compete against contestants from Livermore, Pleasanton, Hayward and Castro Valley on April 5.

DEDICATION . . . Mrs. Julia Harris, postmaster, is shown above as she addressed the audience at the dedication ceremonies at Newark last Sunday marking the opening of the new Newark post office. Shown seated in the first row, left to right, are Dallas Paul, Centerville, president of the Washington Township Chamber of Commerce; County Supervisor Chester E. Stanley; Mrs. Grace Gygax, owner of the new building; and R. A. Griffin, Irvington builder.

WEATHER PROVIDES CONVERSATION DURING PAST WEEK

For the first time in many weeks Old Man Weather allowed local residents a sunny week-end last Saturday and Sunday and then threw the book at this area in the form of rain, sleet, snow and icy blasts.

Precipitation during the week totaled .61 of an inch and boosted the season's total to 18.38, exceeding by 6.59 inches the total recorded here during the same period last year.

The mercury skidded down into the low 30's each night during the week and failed to climb back above the 50's during the days.

Tuesday night's storm was a mixture of rain and sleet but the ice pellets melted on contact. At higher altitudes, however, a thin layer of snow was left on the hillsides.

Wednesday's storm was in the form of rain throughout the township but only a few hundred feet above the near sea-level elevations it was in the form of a snow-storm. One of the heaviest crusts of snow seen on the hills bordering the township in many years was left by the afternoon storm.

The showers continued throughout the day Thursday with weathermen promising little change for the coming week-end.

The corps of volunteer workers from the Washington Township Branch of the Red Cross will donate their services during the two days.

Refreshments for the staff of workers and donors will be provided by the company and the ladies of the Newark Women's Improvement Club will serve luncheon to the workers on both days.

WELCOME GUESTS

Mrs. Florence Medeiros is a happy person these days for her son, John, and his family, of Anderson, dropped in on her for a short visit.

ALL SET

The boys and girls of the 4-H Club of the Mission Elementary School are in high gear and all set for their program which they are putting on, on the 6th of March at 7:30 p.m., to which the public is invited to see just what their youngfolk are mastering. There will be songs, slides, and demonstration by two

groups of food preparation girls as well as demonstrations by the poultry division, the gardening division and also one by those interested in rabbits. This should all prove instructive as well as entertaining for all the parents who wish to cooperate with their school and teachers in raising better and more efficient American citizens, their children. Please attend.

FROM NORWALK

All last week we saw Mrs. Francis Stutts of Norwalk here visiting with her sister, Mrs. Betty Santos, and then on Friday her folks, Mr. and Mrs. James Bramwell, arrived from the south to spend a few days. They are former residents of the Mission.

FROM SACRAMENTO

Miss Freddie Howard of Sacramento, along with her girl friend, Miss Ethel Sorocco, also from Sacramento, spent the week-end here at the home of Freddie's aunt, Mrs. Rose Recend.

SHE'S SEVENTEEN

Miss Evelyn Chambers celebrated her seventeenth birthday on February 23.

ON SICK LIST

On the sick list this week are the two Lopez youngest children, Jerry McGowan who has the measles, little Linda Phillips is much improved following several weeks of illness, and Joe Semas is up and about again following flu and kidney infection. Now Cappy Cunha is under the care of the doctor, little Sharon Lowe is following in brother Gary's footsteps by having mumps, they think, while Bill Varney's little boy is a very sick lad with mom and dad very anxious about him, and Michael Andrade, son of Mr. and Mrs. Elmo Andrade, has also been bitten by some kind of a flu bug. Here we thought Mission was going to be one of those exceptional places and escape most of the illnesses of winter time.

IN REDWOOD CITY

Mrs. Elsie Wilcox spent a couple of weeks in Redwood City at the home of her son and family, Mr. and Mrs. Floyd Cross. While she was there one of her grandsons, Pvt. James Cross, U. S. Army, from

Parkersburg, West Virginia, is following in brother Gary's footsteps by having mumps, they think, while Bill Varney's little boy is a very sick lad with mom and dad very anxious about him, and Michael Andrade, son of Mr. and Mrs. Elmo Andrade, has also been bitten by some kind of a flu bug. Here we thought Mission was going to be one of those exceptional places and escape most of the illnesses of winter time.

JOHN A. DUTRA
TAKEN BY DEATH

John A. Dutra, 40, of Centerville, died last Thursday in a San Jose hospital and was given final rites in Centerville on Monday.

He was the son of Manuel Duarte of Centerville; brother of Manuel Duarte Jr., Castro Valley, August and Arthur Duarte of Centerville, Anita Sousa of Hayward and Mary Amaral of Hayward. He was a native of Mission San Jose.

Funeral services were held from the parlors of the Chapel of the Palms at 8:30 a.m., followed by a requiem mass at Holy Ghost Church at 9 a.m. Interment was at Holy Ghost Cemetery.

Camp Roberts, came to spend the week-end before being shipped elsewhere.

FEELING FOR YOU

Also from Colfax came a call one day last week from Art Steele, for Mom Santos (Helen) to come a-running for daughter, Molly Steele, looked like a poisoned pup with her face all swelled up with the mumps. We're not kidding, Molly, we really feel for you. Be good and take care of yourself and let's hope Doug and Pop don't get them.

SURPRISE

Mrs. Mary Edith Scott surprised her family, Mr. and Mrs. Antone Santos Jr., and all the rest of the families by walking in on them for a week from her home in Pomona, where her husband, Jack, is employed at the Southern California plant of the Kimber Farms, Inc.

NOSTALGIC VISITOR

Last week I failed to get the name of a very old timer who was in town but here is the information today. Mr. Lawrence Baumana, who sixty years ago operated the hotel on the site where the Mission Shoppe stands today, spent a little while with the R. R. Whitesides and went over the many happenings of the days long gone by. He came to inquire about "Our Miss Abbie" who he was so sorry to hear had left us. He was 23 when he lived here so you can see he's up in his eighties, and still in pretty good shape.

CANASTA CLUB

The 4 C's Canasta Club held their regular monthly dessert luncheon on Saturday evening at the home of those swell host and hostesses, Mr. and Mrs. Jake Koelsch, followed by an evening of canasta. Dot served chess pie and coffee when the guests arrived and the rest of the evening was devoted to cards. Don Hays won first prize and Keith Kimmell won the booby. Guests for the evening were Mr. and Mrs. Keith Kimmell, brother of the hostess; Mr. and Mrs. Robert Amaral, and Mr. and Mrs. Ferris Brazile. Regular members present were Mr. and Mrs. Don Hayes, Mr. and Mrs. Harold Millard, Mr. and Mrs. Larry Thompson, Mr. and Mrs. John Amaral, and the host and hostess.

WASHINGTON ENDS
CAGE PLAY TONIGHT
IN CRUCIAL BATTLE

The Washington Huskies will close their 1950-51 basketball season on the home court tonight (Friday) in an S.C.V.A.L. clash with the league-leading and undefeated Los Gatos quintet.

Numerically the Huskies cannot knock the visitors out of winning the league pennant, but they can assure themselves of a second-place tie by dumping the favorites. The Huskies are now tied with Fremont and Santa Clara for second place, with a 6-2 standing. All three teams will see action tonight and only the clubs able to score victories will retain their second-place standing.

FIRST GAME AT 7:30

The double-header clash is scheduled to get under way at 7:30 p.m. and a capacity audience is expected for this crucial encounter.

Playing their last cage game for the Orange and Black will be seven members of the Senior class who will graduate this spring. They are Charles Wood, Marcus Galvan, Ralph Juhl, Gilbert Cicarros, Maurice Vargas, Ken Evans and Jack Bribes.

Only one member of Don Wolfe's Puppie squad will be lost via the graduate route. He is Joe Zavaterro, high-scoring guard.

Coach Clyde Voorhees' varsity got off to their usual slow start last Friday evening at Campbell but managed to come from behind to grab a 50-46 win.

The Huskies trailed 13 to 4 at the end of the first quarter. They closed the gap to 22-25 at the half-time and went ahead in the third stanza, never again to relinquish the lead.

Ralph Juhl paced the locals with 19 points, followed by Evans with 10 and Davis with 9.

EASY WIN FOR PUPPIES

The Puppies were never in trouble in their encounter. They gained an 11-4 advantage in the opening quarter, boosted it to a 22-11 at the half and held a 34-24 lead at the close of the third period.

Nieves led the scoring with 18 points, followed by Zavaterro with nine points.

IRVINGTON FIREMEN WILL HOLD POT LUCK SUPPER

The members of the Irvington Fire Department, Firemen's Auxiliary and their families will hold a potluck supper at the fire hall on Monday at 6:30 p.m. The affair will honor Manuel Raymond, outgoing president of the Firemen's Club.

A. E. Alameda, Al Peixotto and Walter Connolly are in charge of the arrangements.

Kelly, son of Mr. and Mrs. Joe Kelly of Decoto, played with the Texas League last year. Prior to that he had been with the Arizona League, and also with the Southern Association at Florida. Last year he was also a part-time player with the Oaks.

Kelly, now 27 years of age, has been playing baseball ever since "sand-lot" days when he was a youngster in Decoto. He will play shortstop for the Seals, leaving on spring training in a couple of weeks.

MARRIED MEN WIN BOWLING CONTEST

The married men's bowling team of the Centerville Parlor of the Native Sons of the Golden West out-pointed the unmarried lads of the club in a meet held Sunday evening at the Hayward Bowl.

The players on the single men's club were quick to point out that the recent shift of Stanley Rogers from their ranks onto the married men's club was the deciding difference between victory and a loss.

The married club compiled a total of 2967 in three games against the single men's 2955.

The individual scoring:

Married men—Stanley Rogers, 484; George Rodrigues, 470; Vernon Rose, 449; Louis Cardoza, 433; Joe Rodrigues, 416; Maurice O'Brien, 372, and Bill Santana, 345.

Single men—Tony Avila, 495; Frank Rickenbacker, 474; Louis Hayve, 449; Al Silveira, 447; Lerry Moura, 414; Joe Lewis, 337; Pacer (in place of seventh man), 339.

The parlor's annual ping-pong tournament will be open at the next meeting, Tuesday evening, according to Al Silveira.

The Easter motif was carried throughout the room and the table decorations. The little guests enjoyed ice cream, cake and soda and later had pictures taken in remembrance of the occasion. Anthony and Gerald were the recipients of many lovely gifts. Present at the party were: Lester and Bobbie Mederos, Earl Mederos Jr., Dianna and Michael Gomez, Kathleen Rerra (invited also was Kathleen's brother, Buzzie, but was unable to come because of illness), Diane, Butch and David Caminada, and Linda Gonzales. FLU VICTIMS

It seems there's one in every family who reply they have the flu, when one asks how they feel. The sick list here includes: Sally Muniz, the L. J. Fine family (yes, the four of them), Hazel Costa, Gloria Arribas and Paniagua both spent some time home from their jobs. All of these people had that flu bug who was so persistent and wouldn't leave them alone. Mrs. Susie Ortega was down and out with the flu and also another touch of pneumonia. Isabel Escalona has been having trouble with her left hand which became infected after a soap rash she picked up. Here's good wishes for your speedy recoveries.

SAD PASSING

A horse belonging to R. C. Kennedy of Niles Road was killed shortly after midnight on Sunday, Feb. 18, two miles north of Decoto

This change was approved by the planning commission. Citizens here attending the meeting were Jack Faletti, J. J. Caldeira, Frank Rebello, Mr. McHenry, Henry Riveria, Gonzales Paniagua, Manuel Silvio, Joe Venezuela, Mr. Catlin and Mr. Kremer. The territory affected by this proposed rezoning may be described as that portion of the Hayward-Niles State Highway frontage on the southwest side of said state highway to a depth of 150 feet from Whipple Road northwesterly some 1400 feet in the community of Decoto. The second of two public hearings will be held on Tuesday, March 13 in the regular meeting room of the Board of Supervisors in the court house

DECOY MONEY HELPS SOLVE ROBBERIES

The use of decoy, or "hot" money has been very successful in deterring bank robbers, and new interest is being shown in its use, it is reported by the American Bankers Association, according to Dunlap C. Clark, president of the Central Bank of Oakland.

Decoy money is not to be confused with marked money. It is money the face of which has been photographed, the picture taken including the serial numbers. Banks film the faces of the currency in the tills of every bank teller, and these notes are retained in his cash.

In the event of a burglary or hold-up, lists of "hot" money in the loot are distributed confidentially to police authorities, other banks, and bankers associations, so that they can cooperate in the

detection of the stolen currency.

Among the first expenditures of fugitives are those at gasoline stations, hotels, motels, and places where food is sold or served.

This photographing of currency is in force at all eleven branches of Central Bank, as well as the main office, and booklets describing this protective measure are available to the public.

CENTERVILLE P.T.A., CHAMBER ENDORSES BOND PROPOSAL

The proposed bond issue and acceptance of a state allocation for the construction of a new elementary school in Centerville, this week won the endorsement of the Centerville Chamber of Commerce and the school P.T.A.

The election, to be held March 14, asks that the voters of the elementary school district approve a bond issue of \$75,000 and authorize the acceptance of a \$295,000 state loan. A two-third majority vote is required.

CROWDED CONDITION

Allan Walton, member of the Board of Trustees of the school, spoke briefly on the proposal at Monday's meeting of the Chamber of Commerce. He stated that the bond issue must be approved before the district can receive the state loan, which has been set aside for the district.

The \$295,000 state allocation is a portion of the \$250,000,000 which the state set aside last year for the assistance of school districts which are badly in need of additional school units but unable to bond sufficiently to cover the cost.

"If we fail to take advantage of this opportunity we face the possibility of having a good many more pupils than we can house in classrooms," Walton said.

He pointed out that the state will advance the loan on a twenty-five year basis, and any amount remaining unpaid at the end of that time is "written off."

NEW SITE REQUIRED

The state will not, however, allow the allocation to be used for the construction of additions to the present school plant.

To avoid the elementary schools becoming too large and too remote from the homes of the pupils, it is required that a new school be erected.

According to Walton the state has indicated that a location near Blacow Road and Thornton Avenue is the most desirable for a new school plant.

"The school must keep abreast of the growing community. Next fall it will become necessary to utilize the auditorium and library for classes—not a desirable arrangement but our only alternative until a new school can be constructed," Walton concluded.

At Tuesday's meeting of the P.T.A., Principal Tom Maloney and Mrs. Ray Rodriguez, past president of the P.T.A. and member of the Board of Trustees, spoke in behalf of the proposal.

IMPORTANT MEETING AT NEWARK SCHOOL

In order that parents may achieve a better understanding of how reading is taught to their school children, there will be a discussion of the reading program at the Newark P.T.A. meeting next Tuesday evening at the Newark school, at 8 o'clock.

According to Jack MacGregor, principal, this discussion will be the first of a series of two, the next one to be held on April 3.

"Many parents are confused by our present teaching methods. Even though schools in Alameda County have used the same system for teaching reading for the past 15 or 20 years, there are parents who believe that it is a system just recently dreamed up by the educational authorities," said MacGregor. "I think the reading program needs clarifying. We hope to do this by means of these panel discussions."

Those who will participate in the first panel discussion are the following teachers: Miss Mary Shea, Mrs. Edna Gibson, Mrs. Loren Pohl, Mrs. Cynthia Collins, Mrs. Edith Thatcher, Mrs. Harriet Moore and Miss Louise Hoffman.

During education week, in April, parents may follow up the information they have gleaned by attending the discussions, with practical demonstrations of reading by the pupils, in the classrooms.

LIFE IN CHINATOWN REVEALED BY REVIEW OF BOOK BEFORE ARTS SECTION MEMBERS

"Where do babies come from?" This is a universal question asked by children through the ages. When Jade Snow Wong, then six years old, asked her Chinese mother this question, the answer is one of the high-points of the book, "Chinese Fifth Daughter," which was reviewed last Wednesday night by Mrs. Lloyd Truman of Oakland before members of the Arts Appreciation Section of the Country Club and their guests.

"Babies come from an oven" was the manner in which Jade Snow's mother explained it. "The white babies are those who haven't roared very long. The yellow babies, such as Chinese babies, roar a little longer, so consequently are a little darker. And some babies," she continued, "roast a long time and get real dark."

This is only one of the amusing incidents related in the fascinating book written by Jade Snow,

SEVEN-DAY WONDER

Practically every magazine or newspaper you pick up these days is headlining some new, fascinating and oh-so-easy reducing diet.

Since I feel that The Register must ride on the crest of this popularity wave for reducing diets, I am offering the following seven-day diet. It is absolutely new. It has never, to my knowledge, been published before. You get it complete in this issue. It is the most amazing diet ever dreamed up by man—or woman. I am the woman who dreamed it up. I'll guarantee that it will reduce you. No exercise is needed. No pills. No rolling-pins. Just follow this simple diet and watch results.

First Day

Breakfast: One cigarette.

Lunch: One whiff of the aroma of hamburger as you cook it for the family.

Dinner: One look at the roast beef as you pass the platter to the family.

Second Day

Repeat first-day diet, eliminating cigarette.

Third Day

Breakfast: Two cigarettes.

Lunch: Go out into the yard and take a deep breath of fresh air.

Dinner: (This is the day you get a little extra treat) Run your finger around the bowl in which you have stirred up a chocolate cake for the family—AFTER (now this is important) you have scraped the bowl with a rubber spatula.

Fourth Day

Repeat first-day diet exactly, only omitting the lunch.

Fifth Day

Breakfast: THREE cigarettes (you lucky dog).

Lunch: Squeeze an orange, give juice to the baby, and chew on rind, being careful not to swallow any.

Dinner: Open your favorite woman's magazine to a full-

page, color-photo of a baked ham, take one quick glance, and close magazine.

Sixth Day

Repeat fourth-day diet, eliminating breakfast and dinner.

Seventh Day

Breakfast: One cigarette.

Lunch: Two cigarettes.

Dinner: Three cigarettes (if you are able to puff on these cigarettes, you'd better start this diet all over again).

There! It isn't so bad, is it? If you follow it carefully you'll be just a skeleton of your former self. Or should I say, you'll be just a skeleton.

K. OF C. COMMUNION AND BREAKFAST WELL ATTENDED

The annual communion and breakfast sponsored last Sunday by the Centerville Council of the Knights of Columbus was attended by 169 members of the Catholic organizations of the township and their guests.

California's first law for protection of trout was passed in 1861.

How To Stop Fuel Spillage With Funnel

Made From Can. A farmer friend who fills his tractor by bucket with Standard Diesel Fuel showed us the funnel drawn in the diagram. It was soldered together from a 5-gallon can. Slanting baffles stop fuel from slopping over the sides.

He keeps a rag in the funnel when it's not used—as rag is pulled out it cleans off injector-wrecking dust and grit that might collect.

YOU

MR. MERCHANT

YOU

MR. FARMER

YOU

MR. AND MRS.
WASHINGTON TOWNSHIP

From . . . the WASHINGTON TOWNSHIP CREDIT BUREAU

—A NON-PROFIT CORPORATION OWNED AND OPERATED BY THE MERCHANTS OF WASHINGTON TOWNSHIP — TO BETTER EXPLAIN WHAT THE LOCAL CREDIT BUREAU MEANS TO YOU

IT'S PURPOSES . . .

1. To assist the merchant in issuing credit to the deserving people with the least possible delay.

2. Keep credit losses at a minimum and help the merchant and people of the township with any and all credit problems.

3. To help the people of the township in establishing their credit, not only in the township but any other community they wish.

The Credit Bureau is here for both merchants and the public.

As a merchant you are invited to become a part of this organization and use it in your business.

As a person living in the township you are invited to call at a local merchant member or the bureau to discuss any financial or credit problems.

Or, just come in and establish yourself at the bureau so there will be no delay when you wish to apply for credit.

As your bureau grows it becomes a more important asset to your community and eventually each and every person in the community will be listed in its files. So again, let us remind you, your credit file is made by you. . . Take care of your obligations as agreed and your credit file will always be something to be proud of. Fail to do this and it will reflect on no one but yourself. Remember . . . treat your credit as a sacred trust . . . it is one of your most valuable assets.

IT'S MANAGEMENT . . .

The Credit Bureau is controlled by a Board of Directors elected by the membership.

Its office is located right here in the township in Centerville where it is within easy access.

This Board sets the policy and controls the management of the Bureau.

The officers of the corporation consist of a president, vice-president and secretary-treasurer, elected by the members each year.

No changes may be made without their approval.

The Board of Directors meets the second Wednesday of each month and general membership meetings are held once each year.

However, any member, or person interested in becoming a member, may attend any board meeting at any time.

IT'S OPERATION . . .

Each person makes his or her own credit file.

The Bureau has no black list and only reports the information as stated in its files.
